Hello everyone and welcome to the last FULL week of your Junior year of High School!

I hope everyone in enjoying your weekend and you're ready to put all you have left into the next 7 school days!

Our plans stay consistent to what you experienced last week through Thursday and then you'll have a choice on how to complete this unit. I'm hoping you will find an activity that will be meaningful but not too taxing to culminate the too few O'Brien readings. If Mr. Maechler's assessment is scheduled for Friday, I will adjust accordingly.

Regarding Monday & Tuesday the following week, I'm working on how you can capture your time in Quarantine in a Time Capsule. More information to come.

Links for meetings will be separate attachments!
