Formats to Consider:

Title: "2019/2020 the year IT ALL HAPPENED"

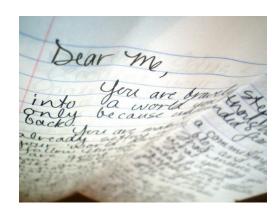

When considering your Newspaper, look at the list above and decide what will be interesting for your "future self" to skim through to remember this time.

Another format is a photo collage:

Do you have photos from your life in quarantine?
Put it together, either in an orderly fashion, or
chaotically/artistically, etc.
Capture your online learning, connecting with friends, family time,
work, etc.

Write a letter to your future self.

Discuss your time in quarantine. Consider how you have changed. What you value now that you didn't think about before. What you hope to accomplish once you're able to live your life fully. Do you want to "go back to normal"?

This letter should be at least three paragraphs in length.

Are you creative? Do you have craft supplies? Collecting mementos and putting them in a box or other keepsake container with labels or "annotations" to look at in the future is a fun way to capture this time.

OR create your own format.

When you complete your Time Capsule Activity, submit it to turnitin.com (take a picture, submit the electronic copy, etc.)

I am looking for you to be reflective; using this activity to help you not only record this time in your life's history, but show how you have may have changed your way of thinking about something, become more appreciative, learned something new about yourself or a hobby/skill, etc. Keep it as academic as you can. Use 50 minutes only!

Rubric:

Thoroughness (5 pts): To what extent does the student take this activity seriously. Does the activity convey a complete – but consolidated – example of the student's experiences during the School Closure/Distance Learning/Quarantine/Covid19 2020 "era"?

School Appropriate Language and Style (5 pts): While giving a sincere voice to the student, to what extent does the student keep slang and expletives to a minimum in his/her writing? Does the student explain themselves with correct grammar and casual, but academic writing?

/10 pts (x 3) = /30 pts
